We are excited to announce that we will be hosting a Study Abroad Fair on Thursday 22nd March from 12.15 – 1.45pm in the Williams Hall, MTBS.. All L6 students are invited to come along and find out more about studying abroad.

Here are some things you might not know about studying overseas:

- There are thousands of Degree programmes across the world taught in English
- Tuition in Europe can be considerably cheaper than the UK e.g. c£2,000 in the Netherlands
- Scholarships and bursaries are available in the USA
- Studying abroad provides a fantastic opportunity for students to develop personally and professionally
- Students can further develop a new perspective on academic subjects and real world issues – expanding their horizons and potentially making them more appealing to future employers
- Studying abroad allows students to develop valuable skills in an international context, which will
- prepare them for working in a global economy (1/3 of organisation's CEOs have studied internationally).

It is a unique opportunity to find out more about the opportunities' available abroad. There will be up to 20 university representatives from across the globe including:

- Heidelberg University, USA - a leading Liberal Arts College in Ohio
