Safeguarding Children and Child Protection Policy

Safeguarding Children and Child
Protection Policy

Author: Executive Team

Last Amended: February 2018

MERCHANT TAYLORS' SCHOOLS SAFEGUARDING CHILDREN AND CHILD PROTECTION POLICY

The Governing body takes seriously its responsibility under section 175 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure adequate arrangements within our school to identify, assess, and support those children who are suffering harm. The Governors have regard to guidance issued by the Secretary of State. In particular the policy and procedures aim to meet the requirements of DFE 'Keeping Children Safe in Education' KCSIE September 2016 and 'Working Together to Safeguard Children' March 2015.

Our core safeguarding principles are:

- the Schools' responsibility to safeguard and promote the welfare of children is of paramount importance
- safer children make more successful learners
- policies will be reviewed at least once a term (at meetings of the joint schools' safeguarding group) unless an incident or new legislation or guidance suggests the need for an interim review.

Safeguarding and promoting the welfare of children is defined as protecting children from maltreatment; preventing impairment of children's' health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

DESIGNATED PERSON(S):

Each of the four Schools within Merchant Taylors' has a senior member of staff who is designated to take lead responsibility for dealing with child protection issues, providing advice and support to other staff, liaising with the authority and working with other organisations as necessary and should remedy without delay any deficiencies or weaknesses in its arrangements for safeguarding and promoting welfare that are brought to its attention.

School	Designated Safeguarding Lead	Deputy Designated Safeguarding Lead
MTBS	Mr. Jonathan Green j.green@merchanttaylor.com 0151 949 9328	Mr. Neill Hunt n.hunt@merchanttaylor.com 0151 928 9348
MTGS	Miss Jane Tyndall j.tyndall@merchanttaylor.com 0151 924 3140	Mrs. Cath Mason c.mason@merchanttaylor.com 0151 924 3140
MTJB	Mrs. Janet Thomas j.thomas@merchanttaylor.com 0151 949 9331	Mrs. Yvette Bonfante y.bonfante@merchanttaylor.com 0151 949 9331
MTPS	Miss Elizabeth Lynan e.lynan@merchanttaylor.com 0151 949 1506	Mrs. Anne Saunders (DSL for EYFS) a.saunders@merchanttaylor.com Miss Emily Riding e.riding@merchanttaylor.com 0151 949 1506
Ian Robinson Sports Centre	Mr. Joe Coombes j.coombes@merchanttaylor.com 0151 949 9355*	*Available at times in the evenings, at weekends and throughout school holidays
Designated Governors for Child Protection & Safeguarding	Dr Jenny Fox j.fox@merchanttaylor.com	Mrs. Lesley Martin-Wright l.martin_wright@merchanttaylor.com
School Nurse	Miss Anne Dalton a.dalton@merchanttaylor.com 0151 949 7004	

The role of the Designated Safeguarding Lead is to:

- Refer cases of suspected abuse or allegations to the relevant investigating agencies using procedures outlined by LA.
- Act as a source of support, advice and expertise when deciding whether to make a referral by liaising with relevant agencies. These may include Channel CAMHS, LSCB MASH Teams or members of the medical profession. If a criminal offence is suspected or reported, DSLs will always make contact with the police.
- Liaise with the relevant Head teacher to inform him/her of any issues and ongoing investigations and ensure there is always cover for this role
- As necessary, liaise with the “case manager” and the designated officer(s) at the local authority for child protection concerns (all cases which concern a staff member)
- Identify signs of abuse and when appropriate to make a referral
- Have a working knowledge of Local Safeguarding Children’s Board (LSCB) conduct of a child protection case conference and be able to attend and contribute when required to do so
- Understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments
- Ensure each member of staff has access to and understands the Schools’ safeguarding and child protection policy especially new or part time staff who may work with different educational establishments
- Ensure all staff are familiar with the requirements of KCSIE September 2016, Part 1: ‘Safeguarding information for all staff.’
- Ensure all staff have induction training and are able to recognise and report any concerns immediately they arise and ensure refresher training delivered by Children’s Social Services is undertaken every three years
- Ensure that all temporary and voluntary staff are made aware of the Schools’ safeguarding procedures and receive the appropriate training and information
- Ensure that all staff are trained in new Government/DfE/LSCB policies and procedures (this will include the Head teacher and all volunteers)
- Ensure that their own training is updated as appropriate
- Understand and support the schools with regards to the requirements of the Prevent duty and provide advice and support to staff on protecting children from the risk of radicalisation
- Be able to keep detailed accurate secure written records of referrals and/or concerns. Information is on a need to know basis only
- Obtain access to resources and attend any relevant or refresher training courses as above at least every two years. This will be in accordance with locally agreed procedures, from the LSCB. Such training will ensure that the DSL maintains an up to date knowledge of local and national child protection procedures. It will also allow him/her to engage in inter-agency work from a position of knowledge and

experience.

- Ensure child protection policy is reviewed and updated at least annually with the governing body. Ensuring the monitoring and evaluation of the policy and relevant action plans have clear and specific outcomes.
- Ensure that the child protection policy is available publicly and parents have access to information, which alerts them to the fact that referrals may be made and the role of the establishment in this to avoid conflict later. (leaflets and prospectus)
- Ensure a child's child protection file is copied and transferred to any new establishment as soon as possible separately from the main file (see separate Transfer of Records policy in the Pastoral section)
- Work with ICT staff to implement adequate filtering systems to keep children safe when accessing the internet at school (via wired or wireless networks)
- Establish and monitor the protocols for checking and supervising visiting speakers who are invited to the school to address pupils
- Be available during school hours for staff in school to discuss any safeguarding concerns – availability via telephone, Skype or similar is acceptable.

The role of the Child Protection Governor is to report to the board that the Schools' policies and procedures comply with regulations for safeguarding and child protection by an annual review.

All teaching and non-teaching staff are aware of their responsibilities with regard to the protection of children from abuse and from inappropriate and inadequate care, and are committed to responding in all cases where there is concern. Safeguarding and promoting the welfare of children is **everyone's** responsibility. All staff who come into contact with children and their families have a role to play in safeguarding children. In order to fulfil this responsibility effectively, all staff should make sure that their approach is **child-centred**. This means that they should consider, at all times, what is in the **best interests** of the child. Staff are advised to maintain an attitude of "it could happen here".

Staff should be aware that behaviours linked to the likes of drug taking, alcohol abuse, truancy and sexting put children in danger. Safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but is not limited to: bullying (including cyber bullying), gender based violence/sexual assaults and sexting.

EYFS - each child must be allocated a key person. This is usually the class teacher, however, may be a nursery nurse who can ensure that the child's care is tailored to meet his or her individual needs.

EYFS - mobile phones are not allowed to be used by any adult in the school setting and school-only cameras and recording equipment should be used. A separate Policy on the use of mobile phones and cameras is available.

If a member of staff, whether teaching or non-teaching, including volunteers, has a child protection concern about a pupil or concern about self-harming of a pupil, he/she will immediately inform the designated person, and record accurately the events giving rise to the concern. The action to be taken is detailed in the safeguarding referral process as outlined in the LSCB procedures. All staff must have access to and have knowledge of the procedures and follow them. Please refer to the Schools' Self Harming Policy.

All staff should be prepared to identify children who may benefit from early help. Early help means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years through to the teenage years. Early help can also prevent further problems arising. In the first instance, staff should discuss early help requirements with the Designated Safeguarding Lead.

If a member of staff feels that a concern should be acted upon and it is not referred then he/she has the right to refer directly to social care (Social Care Customer Access Team: 01519343737 or Social Care Emergency Team 01519208234 if out of hours). If this is the case he/she should inform the relevant Head teacher of their action. If any person (member of staff, parent or pupil) has a safeguarding concern about a pupil at the Schools, they can make a referral to Children's Social Care on the telephone numbers above. If at any time there is a risk of immediate serious harm to a child, a referral must be made to Children's Social Care and/or the police immediately.

CHILDREN IN NEED

Children are defined as being 'in need', under the Children Act 1989 section 17, when their vulnerability is such that they are unlikely to reach or maintain a satisfactory level of health or development, or their health and development will be significantly impaired, without the provision of services (s17(10) of the Children Act 1989), plus those who are disabled. The critical factors in deciding whether a child is in need are:

- What will happen to a child's health or development without services being provided, and
- The likely effect the services will have on the child's standard of health and development

For children who have not suffered or who are not at risk of suffering serious harm but are likely to need additional support from one or more outside agencies then the Designated Person should consult the Sefton LSCB Multi-Agency Threshold Pathway to Provision Handbook to determine the appropriate level of intervention (eg, CAF, Team Around the Child)

WHAT IS ABUSE?

Abuse is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. All staff should be aware that abuse, neglect and safeguarding are rarely standalone events that can be covered by one definition or label. In most cases issues will overlap with each other. Abuse is abuse and should never be tolerated or passed off as 'banter' or 'part of growing up'. Equally, abuse issues can sometimes be gender specific e.g. girls being sexually assaulted/touched and boys being subject to initiation/hazing type violence.

Physical Abuse:

May involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. May also be caused when a parent or carer fabricates the symptoms or, or deliberately induces illness in a child. Where one young person physically abuses another, it is important to understand why this behaviour has taken place before considering the action or punishment to be taken.

Signs of physical abuse may include:

Bruising

- commonly on the head but also on the ear or neck or soft areas - the abdomen, back and buttocks
- defensive wounds commonly on the forearm, upper arm, back of the leg, hands or feet
- clusters of bruises on the upper arm, outside of the thigh or on the body
- bruises with dots of blood under the skin
- a bruised scalp and swollen eyes from hair being pulled violently
- bruises in the shape of a hand or object.

Burns or Scalds

- can be from hot liquids, hot objects, flames, chemicals or electricity
- on the hands, back, shoulders or buttocks; scalds may be on lower limbs, both arms and/or both legs
- a clear edge to the burn or scald
- sometimes in the shape of an implement for example, a circular cigarette burn
- multiple burns or scalds.

Bite Marks

- usually oval or circular in shape
- visible wounds, indentations or bruising from individual teeth.

Fractures or Broken Bones

- fractures to the ribs or the leg bones in babies
- multiple fractures or breaks at different stages of healing

Other Injuries or Health Problems

- scarring
- effects of poisoning such as vomiting, drowsiness or seizures
- respiratory problems from drowning, suffocation or poisoning

Emotional Abuse:

Persistent emotional maltreatment such as to cause severe and persistent adverse effects on the child's emotional development. May involve conveying to children that they are worthless or unloved, inadequate, or valued only as insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on them. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs of emotional abuse in younger children may include:

- being overly-affectionate towards strangers or people they haven't known for very long
- a lack of confidence or becoming wary or anxious
- not appearing to have a close relationship with their parent, e.g. when being taken to or collected from nursery etc.
- being aggressive or nasty towards other children and animals.

Signs of emotional abuse in older children may include:

- using language, acting in a way or knowing about things that you wouldn't expect them to know for their age
- struggling to control strong emotions or having extreme outbursts
- seeming isolated from their parents
- lacking social skills or having few, if any, friends.

Sexual Abuse:

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact including assault by penetration (for example rape or oral sex) or non-penetrative acts, such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Sexual harmful behaviour from young people is not always contrived or with the intent to harm others. There may be many reasons why a young person engages in sexually harmful behaviour and it may be just as distressing to the young person who instigates it as well as the young person it is intended towards. Sexually harmful behaviour may range from inappropriate sexual language, inappropriate role play, to sexually touching another or sexual assault/abuse.

Signs of possible sexual abuse may include:

Staying away from certain people

- they might avoid being alone with people, such as family members or friends
- they could seem frightened of a person or reluctant to socialise with them.

Showing sexual behaviour that's inappropriate for their age

- a child might become sexually active at a young age
- they might be promiscuous
- they could use sexual language or know information that you wouldn't expect them to.
-

Having physical symptoms

- anal or vaginal soreness
- an unusual discharge
- sexually transmitted infection (STI)
- pregnancy.

Child Sexual Exploitation (CSE)

All staff must be aware of, and have a copy of, the warning signs and vulnerabilities checklist.

The following are typical vulnerabilities in children prior to abuse: living in a chaotic or dysfunctional household (including parental substance use, domestic violence, parental mental health issues, parental criminality), history of abuse (including familial child sexual abuse, risk of forced marriage, risk of 'honour'-based violence, physical and emotional abuse

and neglect), recent bereavement or loss, gang association either through relatives, peers or intimate relationships (in cases of gang associated CSE only), learning disabilities, unsure about their sexual orientation or unable to disclose their sexual orientation to their families, friends with young people who are sexually exploited, homeless, lacking friends from the same age group, living in a gang neighbourhood, living in residential care, living in hostel, bed and breakfast accommodation or a foyer, low self-esteem or self-confidence, young carer. (see separate Young Carer's policy in the Pastoral section)

Signs and behaviours of children who are already being sexually exploited are: missing from home or care, physical injuries, drug or alcohol misuse, involvement in offending, repeat sexually-transmitted infections, pregnancy and terminations, absent from school, change in physical appearance, evidence of sexual bullying and/or vulnerability through the internet and/or social networking sites, estranged from their family, receipt of gifts from unknown sources, recruiting others into exploitative situations, poor mental health, self-harm, and thoughts of or attempts at suicide.

Female Genital Mutilation (FGM)

Female Genital Mutilation is "a collective term for all procedures involving the partial or total removal of external female genitalia for cultural or other non – therapeutic reasons".

In the UK this is considered to be child abuse. FGM is illegal. The Designated Person should be aware of guidance that is available in respect of FGM and should be vigilant to the risk of it being practised. School staff will need to be aware of the potential risks.

From October 2015 it is mandatory for teachers who discover that FGM has been carried out on a girl under the age of 18 to report this to the police.

Signs, symptoms and indicators (see below)

- Student talking about getting ready for special ceremony
- Family arranging an extended break abroad
- Child's family belonging to one of "at risk " communities (Afghanistan, Egypt, Ethiopia, Eritrea, Somalia, Sudan, Sierra Leone, Nigeria, Kenya, Togo ,Senegal, Yemen, Oman, Iraqi Kurdistan, India, Pakistan, Malaysia and Indonesia.)
- Knowledge that older sibling has undergone FGM
- Young person talks about going abroad to be "cut" or get ready for marriage

Indicators:

- Prolonged absence from school or other activities
- Behaviour change on return from holiday abroad, being withdrawn and subdued
- Bladder or menstrual problems
- Finding it difficult to sit, looking uncomfortable
- Complaining about pain between their legs
- Mentioning something somebody did to them that they are not allowed to talk about
- Secretive behaviour, isolating themselves from the group

- Reluctance to take part in physical activity
- Repeated urinal tract infection
- Disclosure

Neglect:

Persistent failure to meet a child's basic physical and/or psychological needs, likely to result in serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment), protect a child from physical and emotional harm or danger, provide adequate supervision (including the use of inadequate care-givers), or ensure access to appropriate medical care. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs

Children who are neglected may have:

Poor appearance and hygiene

They may:

- be smelly or dirty
- have unwashed clothes
- have inadequate clothing, e.g. not having a winter coat
- seem hungry or turn up to school without having breakfast or any lunch money
- have frequent and untreated nappy rash in infants.

Health and developmental problems

They may have:

- untreated injuries, medical and dental issues
- repeated accidental injuries caused by lack of supervision
- recurring illnesses or infections
- not been given appropriate medicines
- missed medical appointments such as vaccinations
- poor muscle tone or prominent joints
- skin sores, rashes, flea bites, scabies or ringworm
- thin or swollen tummy
- anaemia
- tiredness
- faltering weight or growth and not reaching developmental milestones (known as failure to thrive)
- poor language, communication or social skills.

Housing and family issues

They may be:

- living in an unsuitable home environment for example dog mess being left or not having any heating
- left alone for a long time
- taking on the role of carer for other family members.

CHILDREN WITH SPECIAL EDUCATIONAL NEEDS AND DISABILITIES

Children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. These additional barriers can exist when recognising abuse and neglect in this group of children and can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

CHILDREN MISSING FROM EDUCATION

The Schools will ensure that they work together with Sefton Council, Schools and Families, alongside other partners, to track any students believed to be out of school for any reason until they are registered in a new school or other education provision by following the guidelines set out in the CME document: Identifying and Maintaining Contact with Children Missing from Education (January 2015) and KCSIE (September 2016). The Schools will inform the local authority of any pupil who fails to attend school regularly or has been absent without the Schools' permission for a continuous period of 10 school days or more, at such intervals as are agreed between the Schools and the Local Authority.

SAFEGUARDING PUPILS WHO ARE VULNERABLE TO RADICALISATION / EXTREMISM

Since 2010, when the Government published the Prevent Strategy, there has been an awareness of the specific need to safeguard children, young people and families from violent extremism. There have been several occasions nationally in which extremist groups have attempted to radicalise vulnerable children and young people to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.

Merchant Taylors' Schools value freedom of speech and the expression of beliefs / ideology as fundamental rights underpinning our society's values. Both pupils/students and teachers have the right to speak freely and voice their opinions. However, freedom comes with responsibility and free speech that is designed to manipulate the vulnerable or that leads to violence and harm of others goes against the moral principles in which freedom of speech is valued. Free speech is not an unqualified privilege; it is subject to laws and policies governing equality, human rights, community safety and community cohesion.

The current threat from terrorism in the United Kingdom may include the exploitation of vulnerable people, to involve them in terrorism or in activity in support of terrorism. The normalisation of extreme views may also make children and young people vulnerable to future manipulation and exploitation. Merchant Taylors' Schools are clear that this exploitation and radicalisation should be viewed as a safeguarding concern.

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism. During the process of radicalisation it is possible to intervene to prevent vulnerable people being drawn into terrorist related activity.

Extremism is vocal or active opposition to fundamental British values including democracy, the rule of law, individual liberty and mutual respect and tolerance of difference faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas. Terrorist groups often draw on extremist ideas developed by extremist organisations.

While it is rare for children and young people to become involved in terrorist activity, young people from an early age can be exposed to terrorist and extremist influences or prejudiced views. As with other safeguarding strategies, early intervention is always preferable.

Indicators of Vulnerability to Radicalisation.

Pupils may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.

- Identity Crisis – the student / pupil is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
- Personal Crisis – the student / pupil may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging.
- Personal Circumstances – migration; local community tensions; and events

affecting the student / pupil's country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;

- Unmet Aspirations – the student / pupil may have perceptions of injustice; a feeling of failure; rejection of civic life;
- Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration;
- Special Educational Need – students / pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.

This list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.

More critical risk factors could include:

- Being in contact with extremist recruiters;
- Accessing violent extremist websites, especially those with a social networking remove space element;
- Possessing or accessing violent extremist literature;
- Using extremist narratives and a global ideology to explain personal disadvantage;
- Justifying the use of violence to solve societal issues;
- Joining or seeking to join extremist organisations;
- Significant changes to appearance and / or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.

Merchant Taylors' Schools seek to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to Islamist ideology, or to Far Right / Neo Nazi / White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.

Any member of staff who has a concern that a pupil is at risk of being radicalised into extremist activity must raise this concern with the Designated Safeguarding Lead immediately. They must document their concerns along with the evidence of indicators on the Recording a Concern Form. The Designated Safeguarding Lead may make a referral to the LSCB or to the Channel Programme.

Designated Safeguarding Leads will undergo training to allow them to recognise indicators. This may include training offered by the LSCB or WRAP training offered by the police or other agencies. They will also undertake the online training available to raise awareness of the Channel Programme.

Prevention

The schools work to prevent the radicalisation of pupils by actively promoting fundamental British Values. There is an SMSC policy which advises staff. Fundamental British values are promoted through PSHE, School Assemblies and through the ethos of mutual respect that underpins behaviour management at the schools.

LISTENING TO CHILDREN

Some staff will have a particular contribution to make in listening to children who have been through the experience of abuse. It is important that this work is not undertaken at a time when it may impact on any legal processes through which the child may be involved, and that it does not clash with any therapeutic interventions provided by other agencies. All staff are aware that if they are selected by a pupil to hear a disclosure they **NEED TO TAKE ACCOUNT** of the guidance given in the *Memorandum of Good Practice* (Criminal Justice Act 1991) – see overleaf

The following guidance will act as a framework for a staff response. Reporting a disclosure to the Designated Safeguarding Lead takes priority over personal priorities and other professional duties.

- Be accessible and receptive, listen carefully and ask open questions to clarify eg. who, what, when, where, how
- Take it seriously (eg. this is very serious, I am sad that this has happened to you)
- Reassure the child they are right to tell (eg. I am glad you told me, that was the right thing to do)
- Reassure the child it was not their fault (eg. the big person/grown up knew it was very wrong to involve you in adult/this stuff/things)
- Negotiate getting help – tell the child you are going to get help for them and their family – prepare them for the fact that you must involve others
- Explain that you cannot personally protect them – but will support them in telling the right people to make sure it does not happen again
- Report – all suspicions or disclosures immediately (particularly disclosures received at the end of the working day)
- Make careful records of what was said – immediately using the child’s own words and including questions you asked. Keep your hand written notes and submit them to the Designated Safeguarding Lead, along with the reporting a concern form.
- Never promise a child that you will not tell anyone about the information in their disclosure – this may ultimately not be in the best interest of the child.

DO NOT

- Delay in passing your concern to the Designated Safeguarding Lead
- Jump to conclusions or make promises you cannot keep. (Confidentiality)
- Try to get the child to disclose – let the child talk and ask only the questions you need to know to clarify immediate safety. The child should not be repeatedly interviewed and the police/social services interview will form the basis of evidence needed to protect the child
- Speculate or accuse anybody
- Ask any leading questions whatsoever e.g. was it daddy/mummy etc. or any questions requiring a YES/NO answer
- Attempt to investigate the allegations of abuse

(based on the Memorandum of Good Practice – Criminal Justice Act 1991)

If the Designated Senior Lead is unavailable, any person may seek advice from or make a referral to the Local Safeguarding Children's Board. In this instance, they must inform the Designated Senior Lead as soon as possible that a referral has been made.

Sefton MASH 0151 934 3391 Liverpool MASH 0151 233 3029

Once you have received a disclosure or if you have a concern

- Record the disclosure or your concern on the school's reporting a concern form
- Immediately contact the Designated Safeguarding Lead, who will meet with you to discuss the case. You should bring your reporting a concern form and any handwritten notes which you made during the disclosure.

What will happen next?

- If you have not already done so, the DSL will immediately discuss the case with the MASH Team and / or LADO, and always within one working day of receiving the concern
- The DSL will inform the Head Teacher and the Designated Governor for Safeguarding
- If the concern or allegation is against the Head Teacher, the DSL will inform the Designated Governor for Safeguarding and the Chair of Governors
- If the concern or allegation is against the DSL, you should inform the Head Teacher.
- If the concern or allegation is against the Designated Governor for Safeguarding, the DSL will inform the Head Teacher and the Chair of Governors.

PARENTS

It is good practice to inform parents of concerns and subsequent referrals to social care unless the child is at risk of significant harm by doing so. Meetings with parents will be held with the designated person and/or head teacher and/or a member of staff. (Two members of staff maximum)

ABUSE BY ANOTHER CHILD – Peer on peer abuse

If the abuse reported is by another child (whether in or out of school), it is important to follow the usual guidelines given above. A bullying incident should be treated as a child protection concern when there is 'reasonable cause to suspect that a child is suffering, or likely to suffer, significant harm'. In such cases the school should report its concerns to the local authority social care department.

All staff should be aware that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but may not be limited to, bullying (including cyberbullying), gender based violence/sexual assaults and sexting. Staff should treat cases of peer on peer abuse as they would any other safeguarding concern by reporting to the DSL in the first instance.

There are different forms that peer on peer abuse can take, which will never be tolerated or passed off as "banter" or "part of growing up". Victims of peer on peer abuse will be supported.

PROFESSIONAL ABUSE

It is essential that any allegation of abuse against a teacher or other member of staff or volunteer in an education setting is dealt with fairly, quickly and consistently, in a way that provides effective protection for the child and at the same time supports the person who is the subject of the allegation. (Statutory guidance is given in Part 4 of Keeping children Safe in Education, DfE September 2016). All allegations are to be reported straight away and referral is to the relevant Head teacher or the Chair of Governors in his or her absence or if the Head is the subject of the allegation, and the Designated Person should be notified. Allegations of any sort against a member of staff will be referred to the LADO or, in more serious cases, the police, who will decide if further action should be taken. The Chair of Governors will also be informed. The Schools will follow the procedures for dealing with allegations of abuse made against teachers and other staff as set out in part four (paragraphs 146-196) of the statutory guidance Keeping Children Safe in Education (DfE September 2016). The Schools are committed to report promptly to the DBS (Disclosure and Barring Service) any person (whether employed, contracted, a volunteer or student) whose services are no longer used and the DBS referral criteria are met and, in the case of a member of the teaching staff, the Schools will decide whether to refer the matter to the NCTL (National college for Teaching and Leadership) to consider if a prohibition order may be appropriate. Such a referral may be made if the teacher has been dismissed or would have been dismissed had he or she not resigned. A prohibition order may be appropriate because:

- The teacher was dismissed for unacceptable professional conduct
- The teacher was dismissed for conduct that may bring the profession into disrepute
- The teacher was dismissed as a result of being convicted for a relevant offence

Use of mobile phones

Each of the schools in the Merchant Taylors' family have their own specific mobile phone policy. There is a school wide filtering system in place to prevent access to inappropriate material whilst phones are connected to the school network.

There are particular issues which might arise:

SEXTING - Background & Definitions

The meaning of the term 'Sexting' has evolved over the last few years. Reports which have canvassed the opinions of young people suggest that 'Sexting' means writing and sharing explicit messages with people that they know. Similarly, many parents think of Sexting as flirty or sexual text messages rather than images.

However, in other circles, Sexting has come to mean the sharing of explicit images. Many professionals consider Sexting to be 'sending or posting sexually suggestive images, including nude or semi-nude photographs, via mobiles or over the internet'.

On the basis of advice from UKCCIS (the UK Council for Child Internet Safety), we will use the term "youth produced sexual imagery". This is the best term as it ensures clarity:

- "Youth produced" includes young people sharing images that they or another young person have created of themselves
- "Sexual" is clearer than "Indecent". A judgement of whether something is "decent" is both a value judgement and dependent on context.
- "Imagery" covers both still photos and videos (and this is what is meant by reference to imagery throughout these updates.

The types of incidents to which these updates refer are:

- A person under the age of 18 who creates and shares sexual imagery of themselves with a peer under the age of 18
- A person under the age of 18 who shares sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult
- A person under the age of 18 who is in possession of sexual imagery created by another person under the age of 18

This policy does not cover:

- The sharing of sexual imagery of people under the age of 18 by adults (as this constitutes child sexual abuse and must be reported to the police)
- Young people under the age of 18 sharing adult pornography or exchanging sexual text messages which do not contain imagery.

All incidents of youth produced sexual imagery should be dealt with in the same context as other safeguarding concerns. The Schools' response to such incidents will be guided by the principle of proportionality and the primary concern at all times will be the welfare and the protection of the young people involved.

The relevant legislation is contained in the Protection of Children Act (1978) as amended in the Sexual Offences Act 2003 (England and Wales). Specifically:

- It is an offence to possess, distribute, show and make indecent images of children¹
- The Sexual Offences Act 2003 (England and Wales) defines a child, for the purposes of indecent images, as anyone under the age of 18.

¹ This includes imagery of yourself if you are under 18

(Indecent is not defined in legislation. For most purposes, if imagery contains a naked young person, a topless girl and/or displays genitals or sex acts, including masturbation, then it will be considered indecent. Indecent images may also include overtly sexual images of young people in their underwear).

Children under the age of 13 are given extra protection from sexual abuse under the Sexual Offences Act 2003. This law makes it clear that children of this age can never legally give consent to engage in sexual activity. Any situations involving children under 13 and youth produced sexual imagery must be taken seriously as potentially being indicative of a wider safeguarding or child protection concern as being problematic sexual behaviour.

In some cases, children under the age of 13 (and indeed older) may create youth produced sexual imagery as a result of age appropriate curiosity, risk-taking behaviour or simply due to naivety rather than sexual intent. Within this context it is unlikely that police or social care involvement is required or proportionate but DSLs will need to use their professional judgement to consider the specific context and the children involved. DSLs will need to be mindful that behaviour which may not initially appear to be sexually motivated may have occurred as a result of risky or harmful behaviour or indeed sexual abuse being "normalised" for children.

DSLs must ensure that they are familiar with and follow the relevant local policies and procedures (including contact with local authorities or Local Safeguarding Children Boards) available for recognising and responding to harmful behaviours and / or underage sexual activity when dealing with children under 13 who may have been involved in creating or sharing youth produced sexual imagery. This is essential to ensure that the children involved or identified are safeguarded and are not unnecessarily criminalised or labelled.

Handling Incidents

When an incident involving youth produced sexual imagery comes to the Schools' attention:

- The incident must be referred to the DSL as soon as possible
- The DSL will hold an initial review meeting with appropriate school staff
- There will be subsequent interviews with the young people involved, if appropriate
- Parents should be informed at an early stage and involved in the process unless there is a good reason to believe that involving parents would put the young person at risk of harm
- At any point in the process, if there is a concern that a young person has been harmed or is a risk of harm, a referral should be made to children's social care and / or the police immediately.

Remember – any direct disclosure by a young person must be taken very seriously. A young person who discloses that they are the subject of sexual imagery is likely to be embarrassed and worried about the consequences. It is likely that the disclosure in school is a last resort and they may have already tried to resolve the issue themselves.

The DSL will use the initial review meeting and interview to establish the facts and to consider initial evidence. The DSL will then make a decision about whether or not to refer the case to children's social care and / or the police. This decision must be taken after consultation between the DSL and the Headteacher and other members of staff if appropriate.

If an incident of youth produced sexual imagery is referred to the police, it is likely to be necessary to seize a mobile device. The Education Act 2011 amended the power in the Education Act 1996 to provide that a teacher who has been formally authorised by the Head teacher can seize a mobile device. This power applies to all schools and there is no need to have parental consent to search through a young person's mobile phone or to search a young person if there are reasonable grounds for suspicion that that young person is in possession of a prohibited item, including pornography. A confiscated device should be turned off and placed under lock and key until the police are able to retrieve it.

However, adults should not view youth produced sexual imagery unless there is good and clear reason to do so. Becoming aware that such imagery exists on a young person's device is not reason enough for adults working in schools to view the imagery. Wherever possible, responses

to incidents of youth produced sexual imagery should be based on what DSLs have been told about the content of the imagery by colleagues, parents or young people.

Recording

All incidents relating to youth produced sexual imagery will be recorded in school by the DSL and these records kept in a similar way to records of other safeguarding concerns. This recording will include incidents that have been referred to external agencies and those that have not.

MANAGING ALLEGATIONS AGAINST PEOPLE WHO WORK WITH CHILDREN – THE ROLE OF THE LADO

The LADO (Local Area Designated Officer) should provide advice and guidance to employers and voluntary organisations, liaising with the police and other agencies and monitoring the progress of cases to ensure that they are dealt with as quickly as possible, consistent with a thorough and fair process;

- any allegation should be reported immediately to a senior manager within the organisation. The LADO should also be informed within one working day of all allegations that come to an employer's attention or that are made directly to the police; and
- if an organisation removes an individual (paid worker or unpaid volunteer) from work such as looking after children (or would have, had the person not left first) because the person poses a risk of harm to children, the organisation must make a referral to the Disclosure and Barring Service. It is an offence to fail to make a referral without good reason.

The LADO role applies to paid, unpaid, volunteer, casual, agency and self-employed workers. The LADO is involved from the initial phase of the allegation through to the conclusion of the case.

Their role is to give advice and guidance to employers and voluntary organisations; liaise with the Police, when necessary and other agencies, and monitor the progress of cases to ensure that they are dealt with in a timely manner and consistent with a thorough and fair process.

The LADO helps co-ordinate information-sharing with the right people and will also monitor and track any investigation, with the aim to resolve it as quickly as possible.

The LADO should be alerted to all cases in which it is alleged that a person who works with children has:

- behaved in a way that has harmed, or may have harmed, a child
- possibly committed a criminal offence against children, or related to a child
- poses a risk of harm to children

What does the LADO do?

Provides an 'Initial Discussion' which allows for the giving of advice and guidance relating to the most appropriate way of managing the allegation or concern, and most importantly will help establish what the 'next steps' should be in terms of investigating the matter further.

Allegations found to be malicious will be removed from personal records and records of all other allegations will be kept but any that are not substantiated or unfounded or malicious will not be referred to in employer references.

HISTORICAL ABUSE ALLEGATIONS FROM A CHILD

Any historical abuse allegations from a child will be treated as if it was recent in terms of appropriate response to the child and their needs. In relation to the alleged perpetrator and other children who may be at risk, the same principles as above apply.

RECRUITMENT & VETTING

Adult access to pupils: via any school activities, the use of school premises or promotion of outside school activities will be assessed for level of risk and regularly monitored. In all circumstances all employed and voluntary staff should have undergone vetting by the Disclosure and Barring Service including application forms, references and interviews as outlined in 'Keeping Children Safe in Education September 2016. The details of the Schools' recruitment process are set out in the Merchant Taylors' Schools' Safer Recruitment Policy found in the staff shared drive.

The Schools will ensure that all adults and pupils know any relevant procedures or codes of conduct. The Staff Code of Conduct Policy in the Staff Handbook provides clear guidance about behaviour and actions so as not to place pupils or staff at risk of harm or of allegations of harm to a pupil.

Any adult whose services are no longer used because s/he is considered unsuitable to work with children, will be reported to the DBS within one month of leaving the school.
[PO Box 181, Darlington DL1 9FA, 0300 200 190]

PROCEDURES HANDBOOK

The LSCB Multi- Agency Safeguarding Procedures Handbook will be kept in the Designated Person's office and the staff room, on the safeguarding noticeboard. The designated teacher will ensure that all staff are aware of this and are familiar with the Education Guidance Section.

Sefton Local Safeguarding Children's Board website : www.seftonlscb.co.uk

CHILD PROTECTION CONFERENCES

The schools will ensure that a member of staff who is properly informed about the immediate concerns as well as about the child and his/her history attends all child protection conferences. Full reports to conference in accordance with procedures, will be sent to Social Care in advance where possible, or multiple copies taken to the Conference where time given is limited.

STAFF SUPPORT

The stress on staff involved in any aspect of child protection work is considerable, and the school will ensure that such staff are properly supported. The relevant Head teacher and Designated Person will be responsible for ensuring that support from outside the school is sought where appropriate.

The School promotes a culture of safety and encourages everyone to raise concerns immediately. The School values its staff and supports them to be reflective. The procedures for reporting and handling concerns, together with the Whistleblowing procedure are laid out in section 31 of CODE of CONDUCT: Merchant Taylors' Schools. Guidance for Safer Working Practice for Adults who Work with Children and Young People.

Designated person and school support:

LA officer represented on the LSCB – Julie Palin/Tracy McKeating 0151 934 3359 – for concerns about inter-agency co-ordination

MASH team for consultation prior to making a referral 0151 934 3391 (Sefton), 0151 233 3029 (Liverpool)

Education Welfare Officers – for support regarding assessments of individual cases and training on procedures – Julie Palin/Tracy McKeating Tel. 0151 934 3359

Professional Abuse – Paul Cunningham (HR) Tel. 0151 934 3209

Local Authority Designated Officer – Pauline Trubshaw Tel. 0151 934 3783

Non-emergency advice for staff on extremism (DfE Due Diligence and Counter Extremism

Group) **020 7340 7264**

Anti-Terrorist Hotline **0800 789321**
Police Non-Emergency **101**

CHILD PROTECTION IN THE CURRICULUM

The planned curriculum will include material and activities, mainly within Personal, Social and Health Education which are designed to help children to be less vulnerable to abuse, where this is possible, without in any way implying that the responsibility for child protection is the child's. This will include emotional health and wellbeing, sex education, anti-bullying, safety, drug education and all work that develops self-esteem and inter-personal skills.

COHERENCE

The Child Protection Policy will be complemented and supported by other School (remove) policies and practice. In particular the Schools' policies related to personal, social and health education; behaviour, anti-bullying, special needs, looked after pupils, welfare and guidance.

CO-ORDINATION

Co-ordination of policy and practice is the responsibility of the Designated Person. This will be recorded in the DP file which will include: school policy, remit of DP pro-formas, list of contacts, information on level of staff training and an action plan.

This policy will be given to all staff members who must read and sign.

Louise Robinson – Headmistress

Deiniol Williams – Headmaster

Documentation

The schools pay due regard to the following DfE guidance:

- **Keeping children safe in education: Statutory guidance for schools and colleges.: DfE – Sept 2016**
- **KCSIE incorporates the additional statutory guidance Disqualification under the Childcare Act 2006 : June 2016**
- **KCSIE also refers to the non statutory advice for practioners: What to Do If You're Worried a Child is Being Abused : March 2015**
- **Working Together to Safeguard Children. A guide to inter-agency working to safeguard and promote the welfare of children. HM Government : March 2015 as amended in February 2017 but still dated March 2015**
- **Non Statutory Advice: Information sharing: March 2015**
- **Prevent Duty Guidance: for England and Wales : July 2015**
- **Prevent is supplemented by non statutory advice and a briefing note:**
- **The Prevent duty: Departmental advice for schools and childminders: July 2015**
- **The use of social media for online radicalization: July 2015**
- **Child Protection Procedures – LSCB**
