

Current Parent and Pupil Privacy Notice

Background

This privacy notice is also sent to parents alongside the Parent Terms and Conditions ("Parent Contract"), signed on acceptance to the School.

For the purposes of Data Protection Law (the UK Data Protection Bill and the General Data Protection Regulation) the School is the Data Controller of Personal Data about pupils and their parents and/or guardians (the Schools' Information Commissioner's registration details are listed in the Schools' Data Protection Policy, published on the School's website). In the main (unless otherwise specified below), the Schools' basis for processing your and your child's personal data is as a result of either a contractual obligation under the Parent Contract or as a result of legitimate interest - in other words, the School requires this information in order to carry out its ordinary duties.

- previous school(s) information, including references and assessment data;
- images of pupils;
- in relation to parents and/or guardians
- financial info

We commonly use Personal Data for:

- Ensuring that we provide a safe and secure environment;
- Making decisions relating to admissions, bursaries and scholarships
- Providing pastoral care;
- Providing education and learning for children;
- Enabling pupils to take part in exams and assessments and to monitor and report on pupils' progress and educational needs;
- Providing additional activities for children and parents, such as extra-curricular clubs and educational trips and visits;
- Protecting and promoting our interests and objectives, including fundraising;
- Safeguarding and promoting the welfare of children;
- Where there has been a suspected misuse of the School's ICT facilities;
- Legal and management purposes and fulfilling our contractual and other legal obligations.

We may share Personal Data with third parties where doing so complies with Data Protection Law. For example, we may share personal data:

- With relevant statutory agencies or authorities (e.g. for safeguarding reasons or in order to comply with our reporting obligations);
- Where necessary in connection with learning and extracurricular activities and trips undertaken by pupils;
- When a reference or other information about a pupil or ex-pupil is requested by another educational establishment or employer to whom they have applied;
- To enable pupils to take part in national and other assessments;
- To obtain professional advice and insurance for the School;
- Where otherwise required by law or where reasonably necessary for the operation of the School;
- We may also share information about a pupil with their parents where permitted by data protection law, e.g. information about the pupil's academic attainment, behaviour and progress;
- We may need to share special category data (medical for instance), in order to safeguard students' vital interests and welfare, to provide appropriate pastoral care, and to take appropriate action in the event of an emergency, incident or accident, including by disclosing details of an individual's medical condition where it is in the individual's vital interests to do so: for example for emergency medical advice or treatment, to insurance providers or to schools or individual host families caring for our pupils;
- When using the school medical centre, we will routinely share details of any physical injury and medication administered with a pupil's parents. Where a pupil contacts the medical centre for other issues, they will normally be asked for consent to share that information with their parents (however, in the case of any potential safeguarding concern, the pupil will not be promised confidentiality).

Biometric Information, Photographs & CCTV

We do not currently use biometric data (eg. fingerprint identification systems) for school administration purposes (access to buildings, cashless purchasing etc). We use CCTV recordings for the purposes of crime prevention and investigation and also in connection with our obligation to safeguard the welfare of pupils, staff and visitors to our site. CCTV recordings may be disclosed to third parties but only where such disclosure is in accordance with data protection law. Staff and pupils are also reminded that although the primary purpose of the School's CCTV system is the detection and prevention of crime, any evidence of misconduct captured incidentally on these cameras can be used as evidence in disciplinary matters. There will be no routine monitoring of data captured by CCTV for disciplinary purposes but in the event of an incident or allegation in relation to a visitor, pupil or member of staff, any existing footage may be reviewed if relevant to the allegations.

We may use photographs (and occasionally other media such as video or sound recordings) of pupils for educational purposes or in our publications, including on the school website and on social media, for marketing and promotion purposes. We may also share photographs and other media with third parties for these purposes (for example, for publication in a local or national newspaper). Consent will be sought for the use of photos in line with the Taking and Storing Images of Children Policy (available on the School website).

Fees

We may make enquiries of pupils' previous schools for confirmation that all sums due and owing to such schools have been paid. We may also inform other schools or educational establishments to which pupils are to be transferred if any of our fees are unpaid.
