For Boys and Girls  
aged 4 to 18 years

March 2018

Dear Parent

**'Take your daughter to work day'**  
**Friday 29<sup>th</sup> June, Year 9**

This event will take place on **Friday 29<sup>th</sup> June**. It is more important than ever before that students start thinking and researching careers early. Exposing girls to what a parent or family member does during the working day is important. Showing them the value of their education, helping them discover the power and possibilities associated with a balanced work and family life, and providing them an opportunity to share how they envision the future and begin steps toward their end goals in a hands-on and interactive environment, is key to their achieving success.

Benefits of taking your daughter to work:

- Students are able to ask their parents questions about what they do and if they enjoy it
- They can see teamwork in action and learn that decisions we make impact not just us, but others as well
- It is an opportunity to volunteer on a special project or learn something new whilst gaining hands-on experience
- Parents can observe too. A day at work may bring out hidden talents and skills you didn't know your daughter had
- Girls want to know how the things they're learning in school fit in with the real world. When you take her to work, you can actually point out where specific things she has learned in school will apply to specific job tasks

You will notice from the School's calendar of events that Friday 29<sup>th</sup> June is the Junior Schools' Activities Day and therefore participating in our 'Take your daughter to work day' will not impinge upon curriculum time.

I have attached the form that needs completing in order for your daughter to attend.

If you would like any further support or information, please do not hesitate to contact me.

Yours sincerely,

Mrs V Mee  
Head of Careers
