2. **Definition of English as an additional language**

2.1 EAL learners are defined as:

A pupil is recorded to have English as an additional language if they are exposed to a language at home that is known or believed to be other than English. This measure is not a measure of English language proficiency.' (DfE Schools Pupils and their Characteristics, July 2020).

3. **Objectives of MTGS in relation to EAL**

Merchant Taylors' School

- Promote academic achievement by grouping EAL pupils according to cognitive level rather than English language level.
- Promote and encourage the development of the pupil's first language in order to facilitate concept development with their acquisition of English.
- Provide pupils with access to resources which are age appropriate, at an appropriate language level, and are linguistically and culturally appropriate.
- Use visuals and other strategies to support the pupil's access to the curriculum.

- Actively liaise with parents to help them support their child's learning.
- Facilitate parents' access to school life by providing a key link member of staff to communicate with them (where possible this will be a teacher able to converse in the parent's first language).

- Celebrate multilingual skills and promote linguistic diversity with all pupils.

Merchant Taylors' School

- Cognitive Ability Test (CAT4)
- Dynamic Placement Test (CEFT level)
- Provide a recent school report
- Interview with the SENDCO and EAL teacher

Collating the data provides an overview of the pupil's strengths and any areas of need. A report is passed to the Headmistress for the final decision on offer of placement.

- 4.2 MTGS use The Bell Foundation Assessment Framework to track EAL pupil progress in their proficiency of English, identify targets and suggest teaching strategies to support EAL pupils in the classroom, as well as providing formative and summative assessment.

5. Whole school language development
